

THERAPEUTIC YOGA CERTIFICATION PROGRAM

PRESENTED BY THE CANADIAN INSTITUTE OF THERAPEUTIC YOGA

The Canadian Institute of Therapeutic Yoga is founded by Yvonne Werkmann and Jamie Mathiasen. With decades of experience in the field of yoga we have combined our skills to develop training programs that facilitate a cooperative learning environment with support and education from some of the top Yoga and Ayurveda teachers in North America.

Our vision for our programs is to help yoga teachers develop the confidence to trust their own wisdom and make choices that will help to move their students forward. By increasing your depth of knowledge through advanced yoga practices and teachings you will learn the skills to better support your students.
